

XenTegra

PARTNER MICRO ASSESSMENT

As a Citrix Platinum Partner, our goal is to enable you and your team to get the most out of your Citrix ADC and ensure you can create the best possible return on investment and end-user experience. Part of our partnership includes a half-day Micro Assessment of your primary Citrix ADC, formerly NetScaler environment.

ASSESSMENT GOALS

We will assist you in identifying strengths, weaknesses, opportunities, and threats (SWOT Analysis) in your Citrix ADC environment and present you with features and benefits that you may not be leveraging today.

ASSESSMENT PROCESS

One of our senior XenTegra Consultants will devote up to four hours remotely or on-site to collaborate with you and your team. Together we will review your Citrix ADC environment and provide you with a documented deliverable of findings and recommendations.

ASSESSMENT VALUE

Using Citrix best practices and recommendations, XenTegra may identify concerns, issues or deficiencies in the environment's current state. We will review features, settings and consoles to ensure performance and provide improvement opportunities.

ABOUT XENTEGRA

XenTegra is a national Citrix Platinum Partner specializing in IT managed services and consulting, focusing on the security, performance, and agility of the Citrix workspaces, on-premises and in the cloud. We are fueled by a passion for end-users and known for our deep history with Citrix ADC and complementary technologies.

WHY CHOOSE US

- ✓ Citrix 2020 America Partner of the Year
- ✓ We invest in our customers through enablement events
- ✓ We enable IT so your end-users can be successful
